

WHAT IS A TEACHING PARISH PROGRAM?

The Diocese of Madison and Saint Francis Seminary in Milwaukee have assigned us a Teaching Parish Seminarian, Luis Reyes. What is the Teaching Parish Program?

The Teaching Parish Program is an essential element of pastoral formation at a Seminary. Seminarians regularly serve at an assigned teaching parish during their years of theological formation. This teaching parish offers seminarians the opportunity to serve in the life of a parish consistently, which enhances their preparation for priestly ministry. The primary goal of the program is to help seminarians integrate the formation they receive at the Seminary with real-world experience. Seminarians in the Teaching Parish Program will be involved in the following areas of parish life during the four-year process: liturgy, RCIA, catechesis, child/youth ministry, evangelization, human concerns, and administration.

So please welcome Luis Reyes and let us all give him love, support, and encouragement during his time with us!
